

Adonis

BAND STORY

"Some quick facts: Adonis Edmond born in Laffayette, LA. I am the fourth out of six brothers and sisters. I have always enjoyed singing and songwriting. I have taken sounds from: Stevie Wonder; Silk; Jodeci; Boyz II Men; Brian McKnight; Luther Vandross and many others. This is where I just began to find the soul in my music. I enjoy acting, boxing, and not a lot of people know this but I can draw my **** off (not to brag), and nice im on the clippers. Music is my passion because you know I get a lot of girls doing this.... just playing... really though, Music makes me feel appreciated and like I have a purpose in this life. However, I keep the passion I have for music in the booth and the business seperate. I want my music to speak for itself, to be uplifting and make people feel good about themselves and thier situations. I also want to inspire others in whatever they do.
