

## Phenomenon

### band story

"Dubbed Phenomenon by his friends after they heard his third instrumental piece, this 24 year old talented composer producer is set to make waves in the epic music scene. If he can be described as an epic movie it would be The Matrix, so if music is a system and the system is our enemy keep an eye out for Phenomenon 'I refuse to do music simplistically and I refuse to do my music in a way someone else has, I try always to be unique'. His passion for music began at elementary music school when he first heard Bach playing the organ. At 17 he purchased a laptop to concentrate on his music, by time Phenomenon was 19 he was building his own beat lab. Phenomenon has been producing music ever since and indulging into all types of genres. Lately he has been creating some amazing epic music with full on orchestral arrangements, that would be sought out by any major movie director. on a personal note directly written from me thank you all for the love and thank you for being there over the years, you have all saved me i hope one day you can be proud of me :), life, beauty, love and all of you is my inspiration, add me on yahoo messenger or email me at [phenomenonproductions@yahoo.com](mailto:phenomenonproductions@yahoo.com) or you can go to [www.myspace.com/REK1019](http://www.myspace.com/REK1019) and message and add me oh and Freshie allways smile "
