Urban Mello got the name because of his Dj skills on the mix tape. With Mello, you will definitely get the "Urban" sound and also the "Mello" vibes in any session. Naturally being a DJ will prompt the production side being that a DJ really knows and understands music. Most DJ's end up being producers for the love of the music. Urban Mello or AlkemikaL, is currently working on a project with Dallas based artist by the name of David Chris(www.myspace.com/davidchristx) The track Chrome Lady was produced by Urban Mello and arranged by David Chris to his liking. Look forward to more music from the artist know as Alkemikal....."
